

FOOTPATH PLANTER TYPE C:

DESCRIPTION: Directory planter flush with ground level at entrance to arcades in Area 1 and 2. Minimum width of arcade entrance where type C may be used: 2.3 metres.

DIMENSIONS: Maximum width: 1500mm from outside face of kerb to inside face of header course. Minimum width: 815mm internal dimension between planter header courses. Length: no greater than 75% of width of pedestrian access to arcade. Minimum length 1700mm.

MATERIALS: Footpath planters shall use pavers for the header course which match surrounding paving type as required by the Chief Executive Officer. For works within the CBD refer to CBD Streetscape Master Plan for specific materials and layouts required.

CONSRUCTION: The planter shall be constructed as specified in the detail plan shown on C.C.C. standard drawing No. S4130-CCC. Special attention shall be given to the concrete footing beneath the header course, which should finish flush with the inside edge of the pavers.

PLANTING: Proposed shrub/ ground cover planting shall be shown on plan for Cairns City Council approval. Backfill planting pit with 600mm depth good quality, imported soil mix, to finish 100mm below paving level. When planting, the soil line within each container should finish flush with soil level of planting pit. Install 75mm depth woodchip mulch.

DISCLAIMER The Cairns Regional Council shall have no liability or responsibility to the user or any other person or entity with respect to any liability, loss or damage caused or alleged to be caused, directly or indirectly, by the adoption and use of these Standard Drawings including, but not limited to, any interruption of service, loss of business or anticipatory profits, or consequential damages resulting from the use of these Standard Drawings. Persons must not rely on these Standard Drawings as the equivalent of, or a substitute for, project-specific design and assessment by an appropriately qualified professional.
