

FOOTPATH PLANTER TYPE E:

DESCRIPTION: Raised directory planter at entrance to arcades in Area 2. Minimum width of arcade entrance where type E may be used: 7.0 metres

DIMENSIONS: Minimum internal length 4000mm
Minimum internal width 1500mm

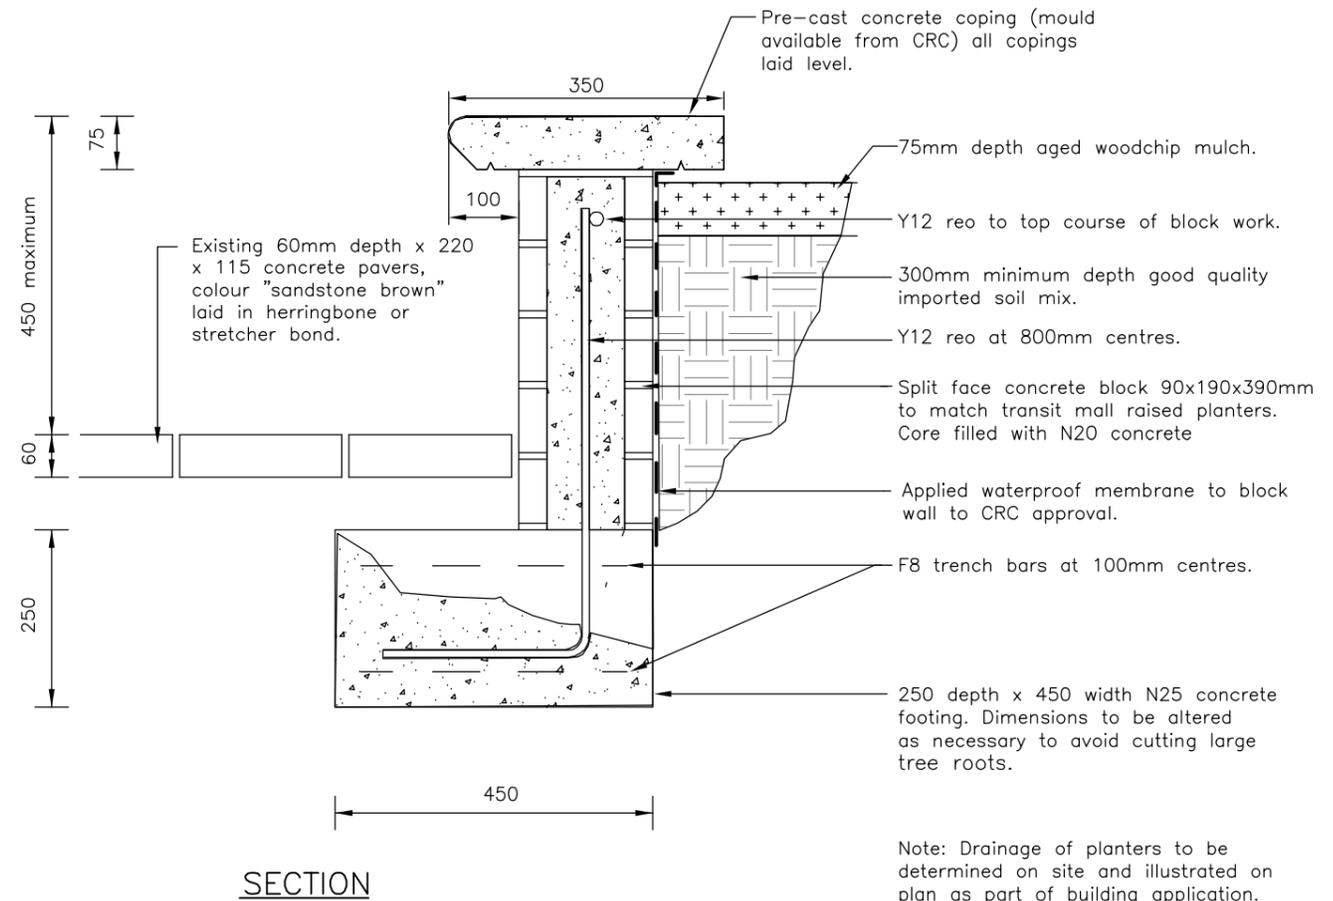

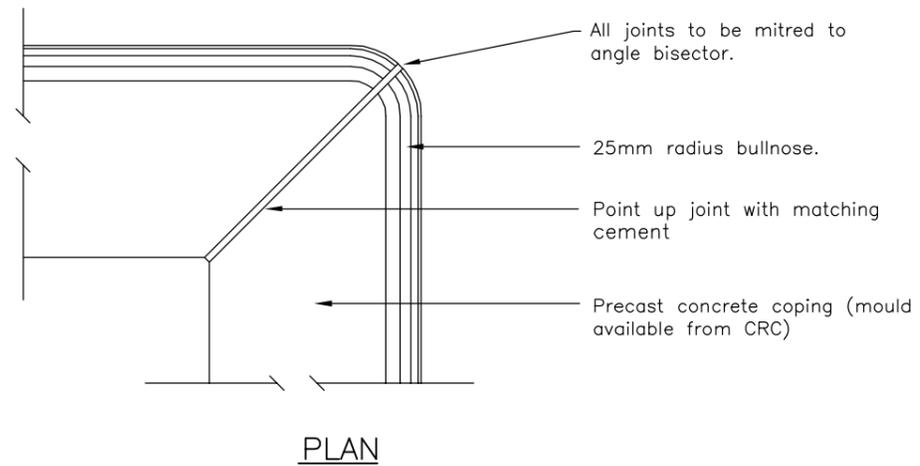

MATERIALS: Raised directory planters shall be constructed out of a split face precast concrete coping as existing in Lake Street transit mall and as specified in the detail opposite.

CONSTRUCTION: A detailed construction drawing shall be submitted to Council showing:

- all dimensions and set out
- concrete footings to engineers' detail
- proposed drainage of raised planter
- waterproof membrane specification
- soft landscaping proposal
- elevation of proposed directory board

PLANTING: Proposed shrub/ ground cover planting shall be shown on plan for CRC approval. Backfill planter with good quality, imported soil mix, to finish 150mm below level of coping. Install 75mm depth aged woodchip mulch.

REQUIREMENTS: Footpath width must be a minimum 3.5 metres. To achieve this requirement, the footpath surfacing shall extend into the arcades' entrance for the required distance, and no furniture, or architectural elements such as steps or columns shall be located within this 3.5 metre clearance area.

Note: Drainage of planters to be determined on site and illustrated on plan as part of building application. Expansion joints to engineers' detail.

SCALE 1:10

DISCLAIMER The Cairns Regional Council shall have no liability or responsibility to the user or any other person or entity with respect to any liability, loss or damage caused or alleged to be caused, directly or indirectly, by the adoption and use of these Standard Drawings including, but not limited to, any interruption of service, loss of business or anticipatory profits, or consequential damages resulting from the use of these Standard Drawings. Persons must not rely on these Standard Drawings as the equivalent of, or a substitute for, project-specific design and assessment by an appropriately qualified professional.
