

Mayor Lisa Scomazzon, Douglas Shire Council

It has been a busy two years since Lisa Scomazzon was elected Mayor of the Douglas Shire in March 2024.

In that time, she has overseen the region's disaster recovery following Cyclone Jasper, continued to advocate for farmers as they transition away from sugar cane and is helping to progress projects including the Mossman River intake and the new Daintree Ferry.

A long-time local business owner with more than 26 years' experience working for the Queensland Government, Mayor Scomazzon connects easily with people from all walks of life.

Born and raised in Mossman, she is one of five Scomazzon sisters and has a strong connection to her community.
