Meeting ID: 438 651 039 543 9

Passcode: 9BU2BZ7C

1. WELCOME & ACKNOWLEDGEMENT OF TRADITIONAL OWNERS

2. APOLOGIES

A list of apologies will be tabled at the meeting.

3. CONFIRMATION OF PREVIOUS MINUTES

3.1 Minutes of Meeting No.88 held on 7 May 2026

Pages 4 -12

4. BUSINESS ARISING FROM PREVIOUS MEETING

4.1 Action items from RRTG Board Meeting No. 88 – 7 May 2026

Item No.	ACTION	Responsible Person(s)	Status
530	RRTG TC to progress advocacy for State funding for Asset Condition Assessments on Local Government LRRS roads.	Amanda Hancock, FNQROC	Ongoing
557.1	TMR to meet with Cassowary Coast Regional Council to discuss works on Mourilyan Harbour Road.	Darryl Jones, TMR	
557.2	TMR to respond to the request for the consultation on Disability Parking, previously targeted at specific councils including Cairns Regional Council, to be distributed to all FNQ RRTG member councils.	Tanya Lindenberg, TMR	Complete
557.3	Douglas Shire Council to provide TMR with details of roads where vegetation management has been identified as a concern for further investigation.	Mayor Scomazzon, Douglas Shire Council	
557.4	Croydon Shire Council to write to TMR to request a review and potential variation of the maintenance arrangements for the Guld Development Road under their RMPC maintenance contract.	Mayor Pickering, Croydon Shire Council	Complete
557.5	TMR to check and advise Cassowary Coast Regional Council if increased traffic volumes on Murdering Point Road by Silica Resources Australia (SRA) have triggered additional maintenance contributions.	Darryl Jones, TMR	
557.6	Existing RRTG meetings to be extended by 30 minutes commencing at 9:00am and concluding at 10:30am.	Amanda Hancock, FNROC	Complete

5. NOTING OF TECHNICAL COMMITTEE MINUTES & RECOMMENDED MOTIONS

5.1 Minutes of Technical Committee Meeting No. 145 – 12 June 2026

Pages 13 – 22

Recommended Motions

Item No 6 That the RRTG endorse the updated 2025-26 – 2027-28 works program.

6. PROGRAM UPDATE TMR

- TMR Update

Darryl Jones, District Director (Far North), DTMR

7. ROADS AND TRANSPORT ALLIANCE UPDATE

- Roads and Transport Alliance Update.

Tanya Lindenberg, Principal Advisor, Local Government Partnerships, DTMR

8. LGAQ UPDATE

- LGAQ Update

Jarrod Hellmuth, LGAQ representative

9. JOINT PURCHASING AND RESOURCE SHARING

- If any issues

All

10. ROAD SAFETY

- If any issues

All

11. GENERAL BUSINESS

12. NEXT TECHNICAL COMMITTEE MEETING NO. 146

- Wednesday 12 August 2026, Cassowary Coast Regional Council

13. NEXT FNQ RRTG MEEETING NO. 90

- Friday 11 September 2026, Online

14. MEETING CLOSE

Minutes of the 88th FNQROC Regional Roads and Transport Group

Meeting No	88
Meeting Name	FNQ Regional Roads and Transport Group
Date	7 May 2026
Time	9:00am
Venue	Civic Reception Room, Cairns Regional Council, Spence Street, Cairns

REPRESENTATIVES

Name	Organisation
Cr Matthew Tickner (Deputy Chair)	Cairns Regional Council
Cr Teresa Millwood, Mayor	Cassowary Coast Regional Council
Cr Robyn Holmes, Mayor	Cook Shire Council
Cr Trevor Pickering, Mayor	Croydon Shire Council
Cr Lisa Scomazzon, Mayor	Douglas Shire Council
Cr Mladen Bosnic	Mareeba Shire Council
Cr Rod Marti	Tablelands Regional Council
Cr Alister Gibson, Mayor	Wujal Wujal Aboriginal Shire Council
Cr Daryl Sexton, Mayor	Yarrabah Aboriginal Shire Council
Mr Darryl Jones	Dept of Transport and Main Roads
Amanda Hancock (Coordinator)	FNQROC

OBSERVERS

Name	Organisation
Brian Joiner	Cook Shire Council
Jacqui Creswell	Croydon Shire Council (online)
Scott Osman	Douglas Shire Council

Peter O'May	Wujal Wujal Aboriginal Shire Council (online)
Michael Miller	Yarrabah Aboriginal Shire Council
Brendon Clancy	Dept of Transport & Main Roads
Tanya Lindenberg	Dept of Transport & Main Roads
Darlene Irvine	FNQROC

APOLOGIES

Name	Organisation
Mark Wuth	Cairns Regional Council
Cr Barry Hughes (Chair)	Etheridge Shire Council
Ken Timms	Etheridge Shire Council
Peter Franks	Mareeba Shire Council
Cr Annette Haydon	Tablelands Regional Council
Jarrold Hellmuth	LGAQ

550. INTRODUCTION

The meeting commenced at 9:00am.

Cr Tickner, Cairns Regional Council welcomed all attendees to the RRTG meeting and advised that, in Cr Hughes absence, he would be chairing the meeting.

551. CONFIRMATION OF PREVIOUS MINUTES

Minutes of Meeting No. 87 held on 5 March 2026

Motion

“That the minutes of the 87th FNQ Regional Roads and Transport Group Meeting held on 5 March 2026 are confirmed.”

MOVED: Cr Robyn Holmes

SECOND: Cr Mladen Bosnic

CARRIED

552. BUSINESS ARISING FROM PREVIOUS MEETING

Action Item No.	ACTION	Responsible Person(s)	Status
530	RRTG TC to progress advocacy for State funding for Asset Condition Assessments on Local Government LRRS roads.	Ms Hancock, FNQROC	The matter has been raised with both TMR's FN District and LG Partnerships team. Update to be provided at the next RRTG.
541.1	RRTG Coordinator to circulate link to the current Regional Road Investment Strategy.	Ms Hancock, FNQROC	Complete
547	TMR to advise if the business case for the McLeod River Bridge can be shared with Cook Shire Council.	Ms Dutton, TMR	Darryl Jones advised that the 2021 Business Case will not be shared. The Business Case for the 3 bridges on the Mulligan Highway included cost estimates which are now out of date and the Business Case also included some commercial-in-confidence elements. Detailed design including new costings is currently underway.

553. NOTING OF TECHNICAL COMMITTEE MINUTES & RECOMMENDED MOTIONS

553.1 Minutes of Technical Committee Meeting No. 144 – 24 April 2026

Motion

"That the RRTG endorse the updated Banked Projects for 2025/26 proposed by the RRTG TC"

Year	Council	Project ID	Road Name	LRRS?	Description	Priority Score	TIDS
25/26	Cassowary Coast Regional Council	ID355	El-Arish-Mission Beach Road	State LRRS	Road renewal pavement, kerb & channel, pathways and stormwater. Part of Mission Beach Revitalisation project	34%	\$360,454
	Mareeba Shire Council	ID264	Tinaroo Creek Road	LRRS	Roadworks (sealed) - New Alignment	24%	\$208,665
	Yarrabah Aboriginal Hire Council	ID418	Museum Road	-	Realignment of road and construction of 67 sealed car parks & footpath	40%	\$230,159
	Mareeba Shire Council	ID638	Tinaroo Creek Road	LRRS	Roadworks (sealed) - New Alignment	5%	\$70,000
	Mareeba Shire Council	ID645	Oak Forest Road	LRRS	Bridge Renewal	5%	\$90,512
	Mareeba Shire Council	ID647	Henry Hannem Drive	LRRS	Gravel resheet	5%	\$23,086
	Cassowary Coast Regional Council	ID290	Flying Fish Point Road	LRRS	Replace culvert	5%	\$29,735
	Cassowary Coast Regional Council	ID327	Wall Road	Non-LRRS	Replace 3/600 RCPs	5%	\$110,387
	Cassowary Coast Regional Council	ID353	Warrubullen Road	Non-LRRS	Replace 1/9000 RRJ RCP	5%	\$70,784
TOTAL							\$963,623

MOVED: Cr Lisa Scomazzon

SECOND: Cr Rod Marti

CARRIED

Motion

“That the RRTG endorse the updated 2025/26 – 2027/28 Works Program (#7596796) as attached in Appendix A proposed by the RRTG TC at their meeting of 24 April 2026.”

MOVED: Cr Daryl Sexton

SECOND: Cr Lisa Scomazzon

CARRIED

Additional points for noting to the FNQ RRTG

Action Item 144.7 Seek clarification from TMR regarding its policy and decision-making framework in relation to funded projects and the application of fuel levies outside of fixed-price contracts, including whether any flexibility or exception provision exists.

Darryl Jones advised that the application of fuel levies outside fixed-price contracts were being considered by TMR and acknowledged that councils would also be considering such variations where appropriate.

Cr Alister Gibson arrived at 9.30am

554. PROGRAM UPDATE – MR DARRYL JONES, DISTRICT DIRECTOR, NORTH QUEENSLAND, TMR

Disaster Recovery Funding Arrangements

TMR has made significant progress on recovery work across the Far North district.

Palmerston Highway:

- Works at two sites started in February last year and are nearing completion.
- TMR expects the road to be fully open to traffic in the coming weeks.

Gillies Range Road:

- Two downslope sites have been completed
- Works underway between Lake Barrine and Wrights Creek Road.
- Works are expected to be complete in mid-2027.

Kuranda Range Road:

- 25 sites damaged during Tropical Cyclone Jasper have been completed; four are underway; and three are to yet to start.
- Works arising from TC Jasper are expected to be completed this year, site and weather conditions permitting.
- A further 10 sites damaged during the 2025 weather event are also to start this year.
- Full closures of Kuranda Range Road are needed until 4 June 2026. These closures are needed to accommodate large construction equipment that needs the full width of the carriageway.

Barron River bridge, replacement

- The tender process is underway to select the design and construction contractor.
- Detailed design will forge ahead in 2027, ahead of construction in 2028.

Bruce Highway Targeted Safety Program

- Aimed at reducing crash severity and frequency between Gympie and Cairns
- Includes wide centre line treatment, pavement strengthening, overtaking lanes, rest areas, improved intersections, and widening narrow structures.
- Safety upgrades at Mourilyan Harbour intersection

Captain Cook Highway:

- There are over 80 geotechnical failure sites on Captain Cook Highway.
- No night closures anticipated

TMR were asked about the works taking place near Cowley Creek which TMR advised had been delayed due to naturally occurring asbestos found on site

TMR were also asked for more details regarding the works being carried out at Mourilyan Harbour Road and TMR advised that this includes the addition of traffic lights and other associated safety.

Action Item 557.1 TMR to meet with Cassowary Coast Regional Council to discuss works on Mourilyan Harbour Road.

TMR were asked if there were any plans to improve public transport in the region or provide relief in the form of taxi vouchers given the opportunity for community to benefit from 50c fares is limited in some regions. It was suggested that this should be included in overall FNQROC advocacy.

555. ROADS AND TRANSPORT ALLIANCE UPDATE – TANYA LINDENBERG, DIRECTOR, NATIONAL POLICY, DTMR

- Statewide TIDS Expenditure is currently at 60% as of end April 2026. This is a critical time to review the work program and ensure that full expenditure will be reached.
- The FNQ RRTG expenditure is understood to be approximately 60% (based on accruals and forecasting only). Due to TMRs transition to the new project management expenditure reporting trial, this is not currently reflected in TMRs system which is showing 17%. It is important that this be updated as soon as possible.
- Etheridge is the only council fully claimed – thank you.
- FNQ currently have 3 approved Statewide Capability Development Fund projects to be delivered in 2025-26.
- Following the annual mid-year review of SCDF, three councils have received an additional \$100,000 each in unallocated SCDF. Funds are generally redistributed to Aboriginal Shire Councils who have delivered their 2025-26 projects and have capacity to deliver additional works within this financial year.
- Congratulations to Yarrabah ASC for being awarded additional funds. Thanks also to Amanda for assisting with the process.
- The Aboriginal and Torres Strait Islander TIDS application process for 2026-27 has been finalised. It was well oversubscribed receiving 25 nominations to the value of \$43 million.
- Both Yarrabah and Wujal Wujal Aboriginal SCs were successful in securing funding for projects from this TIDS sub program.

- The LRRS mapping update has now been complete with future changes to be added to the master register as they are received.
- A call for stories for inclusion in the RRTG Annual progress will be sent out soon. Consider promoting the delivery of TIDS projects in this report

Action Item 557.2 TMR to respond to the request for the consultation on Disability Parking, previously targeted at specific councils including Cairns Regional Council, to be distributed to all FNQ RRTG member councils.

556. JOINT PURCHASING & RESOURCE SHARING

Nil.

557. ROAD SAFETY

- TMR were asked to outline its policy regarding roadside vegetation management.
- TMR advised that mowing activities are undertaken for safety purposes rather than aesthetics.
- It was also noted that washouts are generally identified and dealt with by the RMPC steward.

Action Item 557.3 Douglas Shire Council to provide TMR with details of roads where vegetation management has been identified as a concern for further investigation.

- TMR were asked about the policy for tree trimming, noting a need for additional works within Cassowary Coast.
- TMR advised that requirements depend on a range of factors, including the road type and surrounding vegetation and are guided by Ausroads guidelines.
- It was also noted that vegetation management within the Wet Tropics is constrained by strict criteria, with tree removal generally limited to circumstances where there are safety concerns.

Cr Trevor Pickering arrived at 9.45am

TMR were further advised:

- As a result of mining activities, 76,200 tonnes of gold ore is expected to be transported from Croydon to Georgetown for processing on the Gulf Development Road between June 2026 – December 2026 involving over 1,020 road trains.
- It is anticipated that additional maintenance will be required on the narrow sections of the road to manage the shoulders.

Action Item 557.4 Croydon Shire Council to write to TMR to request a review and potential variation of the maintenance arrangements for the Gulf Development Road under their RMPC maintenance contract.

- Increased heavy vehicle traffic volumes associated with Silica Resources Australia (SRA) impacting Murdering Point Road in Kurrimine Beach, Cassowary Coast.

Action Item 557.5 TMR to check and advise Cassowary Coast Regional Council if increased traffic volumes on Murdering Point Road by Silica Resources Australia (SRA) have triggered additional maintenance contributions.

TMR advised for noting:

- At a recent meeting with the Queensland Police Service, an increase in quad bike serious injury or fatal accidents in the region has been noted, both on the road and on private property. A targeted education campaign will follow.
- Motorcycle incidents are also overrepresented in the region

558. GENERAL BUSINESS

558.1 RRTG – Discussions during State Delegation for Consideration

Recognising that not all Mayors are members of the RRTG and that not all RRTG representatives were at the State Delegation, some discussion occurred which the Mayors would like the RRTG to consider.

1. They would like more time to have detailed discussions, particularly those prickly situations. i.e., RMPC. Acknowledging that we don't want these issues to be raised on the day if we could give notice to TMR or Local Government of these issues to be discussed to enable investigation and conversation on the day.
2. Would like to become more proactive and strategic:
 - a. Re Proactive: let councils know in advance when TMR is planning works in their areas.
 - b. Re Strategic: Let's work to have an agreed understanding of the priority's tenure blind. We understand TMR can't do some of the advocacy work under the RRTG banner however this is where the partnership with FNQROC works – they can if the RRTG can't for conflict reasons.
3. Proposed agenda items to be included:
 - a. Strategic & Emerging Issues
 - i. Discussion of complex or priority matters requiring early collaboration, investigation, or escalation. These matters could include the RRIS, RMPC matters, funding concerns, governance/process etc.
 - b. Forward works & Planned activities update
 - i. Overview of upcoming State works planned disruptions and emerging delivery issues.
 - c. Regional Strategic Priorities
 - i. Discussion of regional transport priorities and network outcomes across State and local government assets.

This item is intended to support a collaborative, tenure-blind understanding of regional priorities while recognising the distinct governance and advocacy roles of the RRTG, TMR and FNQROC.

4. The Mayors have agreed to move the FNQROC meeting to commence at 11am with the RRTG to commence at 9am until 10.30am.

Motion

“That the following additional agenda items be included in the RRTG agenda by exception-

- *Strategic & Emerging Issues – complex or priority matters requiring collaboration, investigation or escalation, include the Regional Road Investment Strategy (RRIS), Road Maintenance Performance Contract (RMPC), funding, governance, and process matters.*
- *Regional Strategic Priorities – discussion of regional transport priorities and network outcomes across State and local government assets.*

Further, that the RRTG Program Coordinator to seek agenda items for inclusion immediately following each RRTG TC meeting”

MOVED: Cr Teresa Millwood

SECONDED: Cr Lisa Scomazzon

CARRIED

It was additionally agreed that the TMR program updates will include an overview of forward works and planned activities. Darryl Jones advised that notification letters are currently issued to the elected representative, Mayor, and CEO approximately two weeks prior to works commencing however, the committee requested that additional notice be provided.

The committee also agreed to the FNQROC recommendation that the RRTG meetings be extended by 30 minutes, commencing at 9:00am and concluding at 10:30am.

Action Item 557.6 Existing RRTG meetings to be extended by 30 minutes commencing at 9:00am and concluding at 10:30am.

559. NEXT TECHNICAL COMMITTEE MEETING NO. 145

Friday 12 June 2026 (Cairns)

560. NEXT FNQ RRTG MEETING NO. 89

Thursday 2 July 2026 (Cairns)

There being no further business, the Chair declared the meeting closed at: 10:17am

Minutes prepared by FNQOC Regional Strategic Infrastructure Coordinator

Apologies noted.

3. Confirmation of Previous Minutes

3.1. Meeting No. 144 held 24 April 2026

3.2. Business Arising from Previous Minutes 24 April 2026

Item	Action	Responsible Party	Status
142.6	Jarrold Hellmuth, LGAQ to share copies of LGAQ's to the RIA to reduce the open road default limit and National Road Safety Strategy.	Jarrold Hellmuth, LGAQ	Outstanding
143.3	Councils to review their LRRS network and identify new projects suitable for inclusion in the 28/29 and 29/30 indicative programs	All Councils	Ongoing
144.1	Seek RRTG endorsement of the updated proposed Banked Projects for 25/26.	Amanda Hancock, FNQROC	Complete
144.2	Seek RRTG endorsement of the updated 2025-26 – 2027-28 works program.	Amanda Hancock, FNQROC	Complete
144.3	Review and refine the Business Case Analysis (BCA) component of the Program Management Tool (PMT) to be refined to improve its effectiveness with the project prioritisation framework.	All Councils	See Item 7
144.4	FNQROC to update the Capability Agreement & Action Plan to include Seal Design training.	Amanda Hancock, FNQROC	Complete
144.5	FNQROC to Investigate feasibility of collective licencing for Australian Standards.	Amanda Hancock, FNQROC	Ongoing

Amanda circulated an email 22 May 2026 as follows:

In the 2026-27 Federal Budget, the Australian Government committed \$42.7 million over four years to make all mandatory Australian Standards free to read. This landmark reform, announced on 12 May 2026, applies to standards referenced in legislation across construction, plumbing, OHS and product safety. The initiative has been positioned as a major productivity and safety reform and is expected to particularly benefit small and family-run business and apprentices.

For more details on the announcement and rollout timelines, please refer to the [Standards Australia News](#) page and the [Budget 2026–27 Fact Sheet](#) outlining broader productivity reforms

FNQROC has today registered our interest to receive further information regarding this sponsored access initiative. At this stage, it is suggested we await further details on the specific standards to be included in the reform before progressing the feasibility study into collective licencing arrangements and assessing whether any economy of scale benefits would still be realised.

144.6	FNQROC to provide overview of the Technical Tour and proposed dates to Cassowary Coast Regional Council to seeking approval.	Amanda Hancock, FNQROC	Complete See Item 13
144.7	Seek clarification from TMR regarding its policy and decision-making framework in relation to funded projects and the application of fuel levies outside of fixed-price contracts, including whether any flexibility or exception provision exists.	Amanda Hancock, FNQROC	Complete

Amanda advised that this was raised at the last RRTG meeting and Darryl Jones of TMR advised that the application of fuel levies outside fixed-price contracts were being considered by TMR and acknowledged that councils would also be considering such variations where appropriate.

Dan Dixon arrived at 10am.

4. Confirmation of Previous Minutes – RRTG

4.1. Minutes of Meeting No. 88 – 7 May 2026

4.2. Business Arising from Previous Minutes – 7 May 2026

Item No.	ACTION	Responsible Person(s)	Status
530	RRTG TC to progress advocacy for State funding for Asset Condition Assessments on Local Government LRRS roads.	Amanda Hancock, FNQROC	Ongoing

TMR have advised the following:

The current contract arrangements relate to assessments on the state-controlled road network only. TMR manages and funds condition assessments for that network, while local governments are responsible for managing and assessing their own road networks. TMR does not provide funding for local government network condition or asset assessments.

FNQROC have therefore approached NTRO directly, and NTRO has indicated a willingness to work with councils on this initiative. NTRO is scheduled to undertake assessments of the State-controlled network in August. Details of the LRRS network will be provided to NTRO to obtain pricing for a similar assessment. It was agreed that the use of iPAVE is not required, with a more basic inspection focused on safety outcomes considered sufficient. Once pricing has been received, the RRTG Technical Committee will then need to consider whether to submit an application under the Statewide Capability Development Fund (SCDF). Any successful application would require participating councils to provide a 50% co-contribution.

Councils indicated that they would like to advocate for condition assessments be included in betterment funding.			
557.1	TMR to meet with Cassowary Coast Regional Council to discuss works on Mourilyan Harbour Road.	Darryl Jones, TMR	
557.2	TMR to respond to the request for the consultation on Disability Parking, previously targeted at specific councils including Cairns Regional Council, to be distributed to all FNQ RRTG member councils.	Tanya Lindenberg, TMR	Complete
557.3	Douglas Shire Council to provide TMR with details of roads where vegetation management has been identified as a concern for further investigation.	Mayor Scmazzon, Douglas Shire Council	
557.4	Croydon Shire Council to write to TMR to request a review and potential variation of the maintenance arrangements for the Guld Development Road under their RMPC maintenance contract.	Mayor Pickering, Croydon Shire Council	Complete
557.5	TMR to check and advise Cassowary Coast Regional Council if increased traffic volumes on Murdering Point Road by Silica Resources Australia (SRA) have triggered additional maintenance contributions.	Darryl Jones, TMR	
Amanda to seek further information from TMR regarding Notifiable Road Use Agreements, including how they operate and the circumstances in which additional maintenance contributions may be required.			
557.6	Existing RRTG meetings to be extended by 30 minutes commencing at 9:00am and concluding at 10:30am.	Amanda Hancock, FNROC	Complete

ACTION ITEM 145.1 Amanda to seek further information from TMR regarding Notifiable Road Use Agreements, including how they operate and the circumstances in which additional maintenance contributions may be required.

5. Election of Chair & Deputy Chair

Amanda advised that the current RRTG Technical Committee Chair, Khubaib Khan, had recently left Cook Shire Council. She therefore declared the position vacant and called for nominations for the role of Chair, FNQ RRTG TC.

Chair

- Travis Mitchell, Cairns Regional Council, self-nominated

As there were no further nominations, Travis Mitchell was declared elected as Chair of the FNQ RRTG Technical Committee.

Amanda then advised that, as Travis Mitchell had previously held the position of Deputy Chair, the Deputy Chair position was now vacant and called for nominations.

Deputy Chair

- Luke McAvooy, Cassowary Coast Regional Council was nominated by Travis Mitchell but declined the nomination, noting he would be departing Cassowary Coast Regional Council later in the year.
- Kiani Berzinski, Douglas Shire Council was nominated by Luke McAvooy but declined the nomination, as she would be taking leave later in the year,
- Kael Whitnell was nominated by Travis Mitchell and accepted the nomination.

As there were no further nominations, Kael Whitnell was declared elected as Deputy Chair of the FNQ RRTG Technical Committee.

Resolution

That Travis Mitchell be elected Chair and Kael Whitnell be elected Deputy Chair of the FNQ RRTG Technical Committee.

6. Program

6.1. 2025-26 Program

Amanda advised that most councils have confirmed that they are on track to complete their 25/26 projects by the EOFY with only one project notified where funds would not be fully expended as follows:

Cook Shire Council

ID493 – Home Rule Road – Non-LRRS – Stabilisation and seal. Project spend less than expected for 2025/26 resulting in \$58,120 funding released for reallocation. Project funded over 3 years so potential to seek funding in 2026/27 if it becomes available.

The released funding was reallocated to the highest priority Banked Project previously endorsed by the RRTG as follows:

Cassowary Coast Regional Council

ID356 – El Arish – Mission Beach Road – State LRRS – Road renew pavement, kerb and channel, pathways and stormwater. Additional funding of \$58,120 allocated.

6.2. New Projects

One new project was reviewed and admitted to the program to be allocated funding when available as follows:

Cassowary Coast Regional Council

IS630 – Butler Street – LRRS - Roadworks. Intersection upgrade from unsignalised to single land roundabout for improved safety.

6.3. 2026-27 and 2027/28

No changes notified. Councils encouraged to review their individual projects to ensure the information in the Program Management Tool is up to date.

6.4. 2028-29 and 2029-30

Amanda suggested the committee focus now on allocating available funding in 2028-29.

Adam Hagy departed at 10.45am.

Cassowary Coast Regional Council

ID630 – Butler Street – LRRS – Roadworks. Intersection upgrade from unsignalised to single land roundabout for improved safety. \$1,525,000 funding allocated as highest priority project and funding available.

ID296 – McGowan Drive – non-LRRS - Renew kerb and channel, footpath, drainage and construct new shared path. \$320,113 funding allocated which is 50% of available non-LRRS funding available as shared with Island Point Road which has the same priority score.

Douglas Shire Council

ID590 – Island Point Road – non-LRRS Upgrade to improve safety, widen and construction of new path. \$320,112 funding allocated which is remaining 50% of available non-LRRS funding available as shared with McGowan Drive which has the same priority score.

ID655 – Mossman – LRRS - Daintree Road & Newell Road - Construct new shared path on PCN. \$500,000 Funding allocated.

Mareeba Shire Council

ID574 – Leedingham Creek Road – LRRS - Widen and Seal. \$768,996 allocated as funding available.

Dan Dixon departed at 11am

ACTION ITEM 145.2 Seek RRTG endorsement of the updated 2025-26 – 2028-29 program.

7. FNQ RRTG – Program Development and Management Process

Amanda advised:

- The Business Case Analysis (BCA) component of the Program Management Tool still requires further refinement.
- While members agreed that the current methodology is being applied consistently across all projects ensuring an equitable assessment process, there was a consensus that BCA could be improved to better support project prioritisation.
- It was agreed that future refinements should be informed by the updated Regional Road Investment Strategy (RRIS) and the outcomes of the forthcoming LRRS Road Condition Assessments.
- In the interim, the Technical Committee agreed to retain the existing BCA methodology until this work is completed.

8. Road Treatment Study

- The draft Road Treatment Practice Guides prepared by Phil Hunt, Road Engineering Services have now been finalised and circulated for any final comments.
- Subject to any final amendments, the Guides will be presented to the RRTG and subsequently recommended to the FNQROC Board for endorsement.
- The project has been funded through the SCDF and is expected to be fully acquitted by the end of financial year.
- Members noted Phil Hunt will only be available to undertake any final amendments to the Guides until the end of June 2026, after which he will be on long-service leave
- It was further noted that Phil will be available from September 2026 to deliver training on the Guides should councils wish to proceed with this option.

ACTION ITEM 145.3 Councils to undertake a final review of the draft Road Treatment Practice Guides and advise of any recommend final amendments by 19 June 2026 to enable completion of the Guide and their progression to the RRTG and FNQROC Board for consideration

9. Capability Agreement & Action Plan

- The Capability Agreement & Action Plan was reviewed at the previous meeting and subsequently circulated via email.
- Members agreed that a review at every Technical Committee was not necessary.
- It was agreed that the Capability Agreement & Action Plan would instead be reviewed every second meeting, unless significant issues or updates require earlier consideration.

10. Regional Road Investment Strategy (RRIS)

Amanda advised that FQNROC had written to the Minister for Transport and Main Roads, Minister Mickelberg MP, seeking support for TMR to actively work with councils to update the RRIS enabling a one network approach and a response is currently awaited.

11. TMR Local Government Partnerships Update

Natalee advised:

Transport and Infrastructure Development Scheme (TIDS) Funding

- Statewide RTA TIDS expenditure was 71% at the end of May 2026. For comparison, Statewide expenditure at the same time last year was 76% (2024-25).
- FNQ RRTG TIDS expenditure at end of May was 76%. May end of month expenditure report is available on your RRTG SharePoint page and has been emailed out.
- If you have concerns about achieving full expenditure of your TIDS allocation in 2025-26, or if savings have been identified, please redistribute funding to other projects as a matter of priority.
- Funding will not be carried over for claims not received and processed within the agreed timeframe. Ensure any eligible expenditure is submitted to your local TMR district in a timely manner. Local TMR District Office can confirm end of year cut-off dates for receiving and processing TIDS claims to avoid accruing and claiming issues.
- Final TIDS expenditure report for 2025-26 will be provided post end of June. If you have any questions about the reports, please reach out to the LGP team.

Statewide Capability Development Fund

- 2025-26 SCDF funding approvals for:
 - Regional Road Surfacing Study – \$23,100
 - Bridge Inspection Training (Level 1 and 2) – \$17,935
 - Procurement and contract management workshops – \$13,222
- Ensure these have been fully invoiced and paid before end of year if training delivered.
- In 2026-27, \$600,000 in TIDS funding will again be available through the SCDF to support capability improvement projects aligned with the Alliance’s vision and the needs of local government and RRTGs.
- We encourage all RRTG members to identify and pursue training or capability-building opportunities with applications for funding now being accepted for next financial year.
- The application form and guidelines are available on the RTA SharePoint page.

Aboriginal and Torres Strait Islander TIDS

- Each year, TMR invites eligible councils to submit applications for an annual state-wide funding allocation for Aboriginal and Torres Strait Islander TIDS.
- The 2026/27 projects have been awarded and the Councils notified.
- Anticipated the 2027/28 submissions will be sought in late 2026.

Local Roads of Regional Significance (LRRS) Mapping Update

- Annual LRRS mapping update completed, thank you for your input.
- Email was sent to TC Chairs and Tech Coordinators in early April with your RRTG’s updated register and PDF map along with a statewide mapping file.
- Any future changes will be added to the LRRS master register as they are received. However, the mapping files will not be updated until the next annual review.

Annual Progress Report

- Project stories and photos for the next edition of the RTA Annual Progress Report are due no later than Friday, 10 July 2026. Story submission can be done through your SharePoint page.
- Please submit your RRTGs stories and before and after photos as soon as they are ready.

Queensland Crash Data – Local Government Road – Data to 30 June 2025

- Latest reports for crash data on local government roads were emailed out on 16 April 2026. Report files also available on your RRTG SharePoint site, under the Crash Data button.
- The two reports, Emerging Crash Locations and Ranking of Midblock and Intersections, are produced by TMR's Safer Roads team and contain data to 30 June 2025.
- Councils are asked to investigate the highest ranked sites to determine road infrastructure related factors that may have contributed to the increase in crash rate and identify potential mitigation treatments.
- Funding for treatments can be sought from the Black Spot program or other road safety grants that may arise.
- If you need to share these files with council colleagues, please download the reports and share through your internal channels.

TMR Funding Programs

- School Transport Infrastructure Program (STIP) Tranche 10 funding round is open and expected to remain open until at least 30 June 2026.
- STIP ideas can be submitted at any time during the year. Submitting the STIP idea is the first stage of the process before a formal nomination can be developed.
- Nominations for the Australian Government's Black Spot Program 2027-28 to 2028-29 development round are now open.
- For this year's Black Spot Development round, funding is being primarily provided for the 2027-28 to 2028-29 two-year period. However, funding can also be provided for 2029-30 for locations where complexity / time required to construct requires three years to complete.

Update to LGP Contact Information

- Team has transitioned from the Roads and Transport Alliance Project Team (RTAPT) to the Local Government Partnerships (LGP) team.
- New team email address is LGPteam@tmr.qld.gov.au. Please use this address for all future correspondence, application submissions and meeting invitations.
- Previous emails (roads.alliance.communications@tmr.qld.gov.au, rta@tmr.qld.gov.au and RRTGForms@tmr.qld.gov.au) will be progressively phased out.

12. TMR – Local District Office Update

- Richard advised that they are currently 4 staff members down in FN District office.
- Richard will therefore be our main contact for the time being along with David Matchuska and Anthony Draper.

13. Technical Tour 2026

- Cassowary Coast Regional Council have kindly agreed to host the Technical Tour 2026.
- The tour is scheduled to take place between Wednesday 12 August 2026 to Friday 14 August 2026.
- A draft itinerary has been prepared and is proposed to include:
 - RRTG Technical Committee Meeting – Wednesday morning
 - DTMR Palmerston Highway
 - Koombooloomba Power Station tour
 - Inspection of various TIDS projects, including the Mission Beach CBD project
- FNQROC will fund accommodation and meals for **one attendee per member council**.
- Additional attendees are welcome to participate at their council's own expense.
- Councils are requested to confirm their participation and attendee numbers as soon as possible to assist with accommodation bookings.

ACTION POINT 145.4 All member councils to confirm their participation in the Technical Tour 2026 including number of attendees, at the earliest opportunity.

14. Points for noting to the FNQ RRTG or FNQROC Boards.

Nil.

15. Other Business

Guardian Training

- Natalee, from TMR asked whether any councils are currently using Guardian and if so, what training is undertaken within their organisations.
- TMR is currently investigating the use of Guardian and would be interested in sharing training resources and information with councils where available.

ACTION ITEM 145.5 Councils to provide details of any internal Guardian training currently being undertaken within their organisations and share any relevant training resources with TMR.

16. Next meeting – RRTG 2 July 2026, RRTG TC 14 August 2026

The meeting closed at 1pm

ACTION ITEMS

Actions arising from Meeting 145 – 12 June 2026

Item	Action	Responsible Party
142.6	Jarrold Hellmuth, LGAQ to share copies of LGAQ's to the RIA to reduce the open road default limit and National Road Safety Strategy.	Jarrold Hellmuth, LGAQ
144.3	Review and refine the Business Case Analysis (BCA) component of the Program Management Tool (PMT) to be refined to improve its effectiveness with the project prioritisation framework.	All Councils
144.5	FNQROC to Investigate feasibility of collective licencing for Australian Standards.	Amanda Hancock, FNQROC
145.1	Amanda to seek further information from TMR regarding Notifiable Road Use Agreements, including how they operate and the circumstances in which additional maintenance contributions may be required.	Amanda Hancock, FNQROC
145.2	Seek RRTG endorsement of the updated 2025-26 – 2028-29 program	Amanda Hancock, FNQROC
145.3	Councils to undertake a final review of the draft Road Treatment Practice Guides and advise of any recommend final amendments by 19 June 2026 to enable completion of the Guide and their progression to the RRTG and FNQROC Board for consideration.	All Councils
145.4	All member councils to confirm their participation in the Technical Tour 2026 including number of attendees, at the earliest opportunity.	All Councils

145.5	Councils to provide details of any internal Guardian training currently being undertaken within their organisations and share any relevant training resources with TMR.	All Councils
